The Honourable Rod Gantefer
Minister of Finance
Regina, Saskatchewan

Sir:

Letter of Transmittal

On behalf of the Public Employees Benefits Agency, I have the honour to transmit herewith the Annual Report of the Saskatchewan Water Corporation Retirement Allowance Plan for the year ending December 31, 2007.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Brian Smith", written in a cursive style.

Brian Smith
Assistant Deputy Minister
Public Employees Benefits Agency

Saskatchewan Water Corporation Retirement Allowance Plan

Introduction

The Saskatchewan Water Corporation (the Corporation) established the Saskatchewan Water Corporation Retirement Allowance Plan (the Plan) on April 1, 1999 for the purpose of providing certain retirement benefits to out-of-scope employees of the Corporation.

The Plan is not registered as a pension plan under the *Income Tax Act (Canada)*. The Corporation has not established a trust nor does it hold property for the specific purpose of providing benefits to the participants. Benefits are funded out of current operations of the Corporation.

The Corporation managed the Plan from April 1, 1999 to November 16, 2004. On November 16, 2004, an Order in Council designated the Plan as a benefit program to be operated, administered and managed by the Public Employees Benefits Agency (PEBA).

Enrollment

The Plan includes all out-of-scope employees of the Corporation. As at December 31, 2007, there were 36 (2006 - 31) active members in the Plan.

Benefits

Members of the Plan retiring from the Corporation, in accordance with the provisions of the pension plan they are enrolled in, are paid a retirement allowance of two (2) days pay for each year of service or portion thereof to a maximum of forty-one (41) days pay effective January 1, 2007 (2006 – forty (40) days pay). Benefits will increase to a maximum of forty-two (42) days pay effective January 1, 2008 and to forty-three (43) days pay effective January 1, 2009. The retirement allowance is calculated at the employee's regular rate of pay at the date of retirement.

Management's Report

To the Members of the Legislative Assembly of Saskatchewan

As administrators of the Saskatchewan Water Corporation Retirement Allowance Plan, we are responsible for the preparation and presentation of the following financial statements: in accordance with Canadian generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The significant accounting policies adopted in the preparation of the financial statements are fully and fairly disclosed in the financial statements.

We believe the Saskatchewan Water Corporation Retirement Allowance Plan has a system of internal control adequate to provide reasonable assurance that the accounts are faithfully and properly kept to permit the preparation of accurate financial statements in accordance with Canadian generally accepted accounting principles.

We enclose the financial statements of the Saskatchewan Water Corporation Retirement Allowance Plan for the year ended December 31, 2007 and the Provincial Auditor's report on these financial statements.

Brian Smith
Assistant Deputy Minister
Public Employees Benefits Agency

Kathy Deck
Director, Financial Services

Actuaries' Opinion

Aon Consulting was retained by the Saskatchewan Water Corporation (SaskWater) to perform an actuarial valuation of the SaskWater Retirement Allowance Plan's financial status as of December 31, 2007. This valuation has been prepared for the purpose of determining the actuarial information to be included in the Plan's financial statements as of December 31, 2007.

In my opinion, for the purpose of this actuarial valuation:

- The data on which this valuation is based is sufficient and reliable;
- The assumptions have been adopted as management's best estimates for accounting purposes and consequently I have not rendered an opinion on them; however, the assumptions are, in aggregate not unreasonable, when considering the circumstances of the plan and the purpose of the valuation;
- The actuarial cost methods employed are appropriate; and
- The valuation conforms with the requirements of the Canadian Institute of Chartered Accountants.

Nonetheless, emerging experience differing from the assumptions will result in gains or losses that will be revealed in subsequent valuations.

This actuarial valuation has been prepared and this actuarial opinion has been given in accordance with accepted actuarial practice.

Paul Hebert
Fellow, Society of Actuaries
Fellow, Canadian Institute of Actuaries

**Saskatchewan Water Corporation
Retirement Allowance Plan**

Financial Statements

Year Ended December 31, 2007

Auditor's Report

To the Members of the Legislative Assembly of Saskatchewan

I have audited the statement of net assets available for benefits, accrued benefits obligation and surplus of the Saskatchewan Water Corporation Retirement Allowance Plan as at December 31, 2007 and the statements of changes in net assets available for benefits and changes in accrued benefits obligation for the year then ended. The Plan's management is responsible for preparing these financial statements for Treasury Board's approval. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the net assets available for benefits, accrued benefits obligation and surplus of the Plan as at December 31, 2007 and the changes in net assets available for benefits and changes in accrued benefits obligation for the year then ended in accordance with Canadian generally accepted accounting principles.

Fred Wendel, CMA, CA
Provincial Auditor

Saskatchewan Water Corporation Retirement Allowance Plan Notes to the Financial Statements

December 31, 2007

1. Description of the Plan

The Saskatchewan Water Corporation (the Corporation) established the Saskatchewan Water Corporation Retirement Allowance Plan (the Plan) on April 1, 1999 for the purpose of providing certain retirement benefits to out-of-scope employees of the Corporation.

The Plan is not registered as a pension plan under the *Income Tax Act (Canada)*. The Corporation has not established a trust nor does it hold property for the specific purpose of providing benefits to the participants. Benefits are funded out of current operations of the Corporation.

The Corporation managed the Plan from April 1, 1999 to November 16, 2004. On November 16, 2004, an Order in Council designated the Plan as a benefit program to be operated, administered and managed by the Public Employees Benefits Agency (PEBA). An agreement has been established between PEBA and the Corporation, which specifies the administrative services that the Corporation will provide.

The following description is a summary only. For more complete information, reference should be made to the Plan document.

Eligibility

The Plan includes all out-of-scope employees of the Corporation. As at December 31, 2007, there were 36 (2006 – 31) active members in the plan.

Benefits

Members of the Plan retiring from the Corporation, in accordance with the provisions of the pension plan they are enrolled in, are paid a retirement allowance of two (2) days pay for each year of service or portion thereof to a maximum of forty-one (41) days pay effective January 1, 2007 (2006 – forty (40) days pay) and increasing to a maximum of forty-two (42) days pay effective January 1, 2008 and to forty-three (43) days pay effective January 1, 2009. The retirement allowance is calculated at the employee's regular rate of pay at the date of retirement.

2. Significant Accounting Policies

These financial statements were prepared in accordance with Canadian generally accepted accounting principles.

Recent Accounting Pronouncements

Effective January 1, 2008, the Plan will be required to adopt the Canadian Institute of Chartered Accountants (CICA) handbook sections 3862 – Financial Instruments – Disclosures, and 3863 – Financial Instruments – Presentation. Section 3862 provides standards for disclosure of the risks arising from financial instruments to which the Plan is exposed, and how the risks are managed by

the Plan. Section 3863 provides standards for the presentation of financial instruments and non-financial instrument derivatives. The Plan does not expect the adoption of these new standards to have a material impact on its financial statements.

3. Accrued Benefits Obligation

The accrued benefits obligation of the Plan is receivable from the Corporation and will be funded by the Corporation as eligible employees retire. The present value of the accrued benefits obligation was determined using the projected benefits method prorated on service and the best estimate assumptions of the Corporation's management. Plan experience is the difference between the expected and actual accrued benefits obligation and is recognized as an increase or decrease in the statement of changes in accrued benefits obligation. Aon Consulting Inc. performed an actuarial valuation as at December 31, 2007 and December 31, 2006 to determine the actuarial present value of the accrued benefits obligation.

The accrued benefits obligation is based on many assumptions about future events. Actual experience may vary significantly from the long-term assumptions used. The actuarial valuation is based on the following assumptions:

	2007	2006
Discount rate	5.00%	4.50%
Inflation rate	2.50%	2.75%
Salary increase	3.00%	3.00%
Termination rate up to age 50	5.00%	5.00%

Retirement - members of the Capital Pension Plan – at age 60
 - members of the Public Service Superannuation Plan – at the earlier of age 60 (20 years of service), age 65 or 35 years of service.

The following illustrates the effect of changes in these assumptions on the accrued benefits obligation:

Assumption	Change Made	Change in Obligation at December 31, 2007	Percentage Change in Obligation
Annual termination rate	Plus 0.5%	(2,200)	(0.8%)
	Minus 0.5%	2,200	0.8%
Discount rate	Plus 0.5%	(8,700)	(3.0%)
	Minus 0.5%	9,200	3.3%
General salary increase	Plus 0.5%	9,300	3.2%
	Minus 0.5%	(8,900)	(3.1%)

The actuarial present value of the accrued benefits obligation is long-term in nature and there is no market for settling this obligation. Therefore, determination of the fair value is not practicable.

4. Related Parties

Included in these financial statements are transactions with the Corporation who is related to the Plan by virtue of common control by the Government of Saskatchewan.

The Plan has received the use of office space and administrative services from the Corporation at no charge. Additionally, PEBA provides administrative services to the Plan for an administration fee which is paid by the Corporation.
